Return to Work Supplemental Program is a fund that Senate Bill 863 set up to provide supplemental payments to injured workers whose permanent disability benefits are disproportionately low in comparison to their earnings losses.

If an injured worker qualifies for this onetime benefit they will receive a \$5000.00 voucher. To obtain this benefit the worker must go to the Department of Industrial Relations website and read the information and directions on how to apply for the Return to Work Supplemental Program (RTWSP) and to obtain the \$5000.00 voucher.

The injured worker must go online and fill out the application which can be accessed at this Website link: <http://www.dir.ca.gov/RTWSP/RTWSP.html>

It is important to note that an application must be filed and received within one year of the date on the Voucher which must have the Insurance Company signed proof of service attached.
