PRESIDENT'S MESSAGE

Case management has never been more relevant and important. I've come to think of CMSA-SCC as an organization that can provide abundant opportunities to learn, teach, mentor, and share top quality case management experiences. And we intend for CMSA-SCC to continue enabling case managers to advocate, brainstorm, give back to our communities, and network in Southern California.

The changes around us—whether social, political, technological, scientific, economic or otherwise—require that we help our patients navigate through new and increasingly complex health and legal landscapes. I'm proud of our Chapter's successes over the last year, particularly in providing consistent meaningful engagement of the CMSA-SCC members and sponsors, providing professional development and an increasing opportunity for outreach opportunities.

With the holidays upon us, it is the perfect time to give back to all the members and recognize your continued support by hosting a free quarterly meeting for all the members. And in the true spirit of giving, we encourage everyone to participate in a white elephant gift exchange.

Thank you, members, for your continued participation and enthusiasm in our professional community, and sponsors for your incredible support.

Finally, I'd like to give a special appreciation to Rehabilitation Nurses Society (RNS) who donated \$2,000 towards the holiday party. And for our Chapter Board of Directors for their tireless work.

Thank you all!

Christine Weaver, MAS, OTR/L, CLCP, C/NDT
